

Task THIRTEEN

The List

Upon arriving in the science laboratory you find a complete list of all the dinosaurs on the island.

Objective:

Pick 6-8 dinosaurs and/or prehistoric animals you would like to research.

In your journal, create a one-page entry for each animal. Include the following information:

- name (common & scientific)
- size and weight
- period lived
- diet
- enemies
- interesting fact
- include a sketch
